

Quick Start Guide

EN

Quick Start

1 Charge the Wireless Sensors for minimum 8 hours before use.

2 To Turn ON the device remove both Wireless Sensors from Docking station.

3 Launch the CookPerfect App and select connection type. CookPerfect Wireless supports both Bluetooth and Wi-Fi.
Using Wi-Fi - ONLY 2.4GHz Network is supported!

4 Enable "2 Sensors" under "settings" in the app and go back to the front screen within the App. After a short while (up to 30 sec.) temperature of Sensors 1 and 2 are displayed.

Charging:

Wi-Fi and Bluetooth LEDs are off when Sensor is charging. If Wi-Fi LED is flashing while Sensors are placed in the Docking station, make sure that the metal rings are clean and have proper contact to the magnets. The Docking station is rechargeable, use the USB cable to recharge battery.

During use:

The Sensor must always be inserted past the Safety mark.

After use:

Make sure that the metal ring (point A) and needle (point B) are clean before charging.

LED status indicator:

Wi-Fi LED is flashing when the Docking station is on. Bluetooth LED is solid Blue when connection to Sensor is established. Wi-Fi LED is solid Green when connection to local network is established. Green USB-C LED: Docking station is charging. Red USB-C LED: Docking station is low on battery. Red LED: Docking station is off.

Note:

To reset place Sensors in the Docking station until all lights are OFF.

Safety Instructions:

The appliance is not to be used by children younger than 15 years old or persons with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction. Children should be supervised and instructed not to play with the appliance. Use Witt CookPerfect Wireless only for intended use. Witt CookPerfect Wireless is designed for cooking of meat.

Make sure to place the needle deep into the meat, so the electronics are not damaged by high air temperature. Alter use the Sensor can be very Hot - use protection gloves to remove Sensor.

Model name: Witt CookPerfect Wireless Dual

Product type: Intelligent meat thermometer

Applied standards according to corresponding EU directive:

EN301489-1, EN301489-17, EN62479, EN62363, EN300328, IEC62321
